

HONDO, MEDINA COUNTY, TEXAS, FRIDAY, NOVEMBER 4, 1955

Proclamation

VETERANS' DAY, 1955

PROCLAMATION BY THE MAYOR OF THE CITY OF HONDO

WHEREAS, the President of the United States has issued a proclamation calling upon all the citizens of this Nation to observe Friday, November 11, 1955, as Veterans Day to commemorate and to pay appropriate homage to the veterans of all the wars of this Nation who have contributed so much to the preservation of this Nation; to solemnly remember the sacrifices of all those who fought so valiantly on the seas, in the air, and on foreign shores to preserve our heritage of freedom, and

WHEREAS, the Governor of the State of Texas by proclamation has further requested all citizens of the State of Texas to observe Friday, November 11, 1955, as Veterans Day.

NOW, THEREFORE, I, O. A. Fly, Mayor of the City of Hondo, Texas, do hereby call upon all the citizens of Hondo to observe Friday, November 11, 1955, as Veterans Day. I request all citizens of this City, business enterprises, veterans' organizations and city officials to assist the State Committee for the observance of Veterans Day in every way possible for the observance of November 11, 1955, with appropriate ceremonies.

IN WITNESS WHEREOF I have hereunto set my hand and caused the official seal of the City of Hondo to be affixed.

Done at the City of Hondo, this 3rd day of November, 1955.

City Holiday Slated For "Veterans" Day

Armistice Day, which falls on Friday this year, will be observed in Hondo, Nov. 11, when stores will close. The date was selected as a holiday by the Hondo Retail Merchants Association of the Chamber of Commerce.

The 11th will also be a holiday for school kids as there will be no school that day according to Mrs. Fritz Leinweber, secretary to Superintendent of Schools, J. G. Barry.

Texas Observance

All leading Texas veterans' organizations are working jointly this year for the second annual observance of Veterans' Day, November 11. The theme for this year is "Peace with Honor".

Adjutant General K. L. Berry, Austin, state chairman of Veterans' Day, has announced the following organizations are preparing Veterans' Day programs in communities where they have posts: American Legion, Charles L. Downey, Pleasanton, Commander; Veterans of Foreign Wars, Ted C. Connell, Killeen, Commander; United Spanish War Veterans, W. D. DeGrassi, San Antonio, Commander; Disabled American Veterans, Joseph M. Early, Commander, San Antonio and Catholic War Veterans, Rem J. Arkeroyd, Houston, Commander.

Parades, church services, memorial programs and other patriotic observances are scheduled for practically every community in Texas, General Berry stated. Places of business in most areas will be closed all or part of the day, November 11, reports from state commanders of veterans' organizations to the state chairman indicate.

All Texans were urged by the general chairman to join with the veterans organizations in observing the only day set aside for veterans.

Castroville Homecoming November 12

The second annual homecoming will be held at Castroville high school Saturday, Nov. 12.

First event will be the parade and pep rally, set for five p. m. The football game, featuring Castroville and LaCoste, will come at eight p. m., and at halftime the Homecoming Sweetheart will be presented to the crowd.

Starting at 10:30, and ending at 12:30, will be the homecoming dance at Koenig Park.

Since there is no complete record of all ex-students, the invitation committee has asked that anyone overlooked please be there anyhow. The general public is also invited, as well as all ex-students.

To Change Fire Reporting

Residents of the Hondo area are alerted to watch for a change in the manner of reporting fires.

F. H. Hollmig, president of the Hondo Volunteer Fire Department, has made the announcement of a change to come, possibly within the next two weeks.

The new method will be printed in the Anvil Herald as soon as it is worked out.

Hondo Host To Revaldina District FFA

The Revaldina FFA District Leadership Contest will be held at Hondo High School Nov. 5th beginning at 9:00 a. m.

This contest will be for the 13 schools of the district where Vocational Agriculture is taught. There will be six events in the contest—three in Green Hand (Ag. I) division and three in the Chapter (Ag. II and Ag. III) division. Judges for these contests will be five teachers from the Winter Garden FFA District. On Nov. 8th five teachers of Vocational Agriculture from the Revaldina FFA District will serve as judges for the Winter Garden Contest in Jourdan.

The first and second place teams of these six contests will qualify for the Area 7 Leadership Contest to be held at San Marcos Nov. 12th at the South West Texas State College campus.

At the present time Hondo plans to have 5 teams in the contest Saturday with a total of 22 boys. The events entered by Hondo FFA boys are Greenhand Chapter Conducting and Greenhand Farm Skill Demonstration. In the Chapter Division, there will be Chapter Conducting team, Radio Broadcast team and a Farm Skill team.

Commission Considers Bandera Road Location

No word had been received in Hondo at the local state highway department office Thursday morning concerning the Bandera road hearing.

Last week a group of folks from the northern part of Medina County appeared before the Texas Highway Commission to ask a different route for the road from Hondo to Bandera. Their request was taken under advisement by the highway department.

Friday saw the completion of the planned sewer laying project in Hondo. All in the northwest section of town, a total of 16,666 feet has been added to the growing sewer system.

Issue Warning

City officials estimate that about 100 homes will be connected to the city system during the next year, but are issuing warnings against residents signing contracts with out-of-town plumbers before they know what the definite costs of installing plumbing in their homes will be.

One city officer cited the example of a Hondoan who went first to a local lumber yard asking for an estimate on installing a commode in his home and running the sewer out ten feet to connect to the city network, but was told that the yard could not make such an estimate. This procedure encourages local people to trade with out-of-towners, the officer commented, but added that some out-of-town plumbers are taking advantage of the situation and making exorbitant charges for their work.

On the job described above, one out-of-town plumber quoted \$260, which is high according to the city spokesman. He said that a commode would cost about \$40 and that the ten feet of sewer pipe would run only about \$4.30 which should make the work run about \$80 or \$90 instead of \$260.

The outsiders will take on any of these projects if they can obtain three people to sign the credit rating of the individual involved for he can then get an approved loan with FHA approval from a lender, guaranteeing himself the contract price. FHA makes no inspection of title loans up to \$2500, the spokesman said.

City Ordinance

An old city ordinance provides that persons living within 200 feet of the sewer lines must be connected, but it has not been rigidly enforced as so many homes had installed septic tanks before the sewer lines were expanded to their present radius.

Co-op Sponsors Six Clinics On Irrigation

Six irrigation clinics in as many counties have been scheduled this month according to Riggs Sheppard, manager of the Medina Electric Cooperative. Local organizations and agricultural agencies are cooperating in the meetings.

Well known authorities who will appear on the programs include Robert V. Thurman, Texas Extension Service irrigation specialist; Jack Barton, Extension Service agronomist; Lynn S. Ludlow, irrigation specialist from Washington, D. C. and John Shanklin, REA agricultural engineer from Albuquerque, New Mexico.

Places and dates for the meetings include: Pearsall, Nov. 7; Crystal City, Nov. 8; Cotulla, Nov. 9; Devine, Nov. 10; Uvalde, Nov. 14, and Carrizo Springs, Nov. 15. Meals will be served at each of the towns at 6 p. m. and meetings are slated to start at 7:30 p. m.

In addition to the meetings, two field demonstrations to point out many good practices in actual application of water to crops will be held. On Nov. 16, the first demonstration will be held on the N. M. Foley farm 3½ miles south of Batesville on the Dilley Highway. On Nov. 18, the Herbert Kelso farm 3½ miles northwest of Devine will be visited. The demonstrations will begin at 1:30 p. m.

VFW TURKEY SHOOT SET FOR SUNDAY

The annual V. F. W. Turkey Shoot is going to be held Sunday, Nov. 6, at the Hondo Airfield rifle range. A new feature this year is the deer target, which is expected to draw many hunters who want to zero in their hunting rifles.

One of the main projects of the Medina Post, the turkey shoot is used to raise money for worthwhile causes.

A large number of prizes will be given.

MS. MAURICE ZERR WINS NATIONAL PRIZE

Mrs. Maurice Zerr was the very surprised winner of an International Harvester Air Conditioner last week.

She recently signed a sweepstakes entry in the contest sponsored by the appliance company weeks ago and was officially notified of her luck in a letter dated Oct. 4. Her new prize was installed by the Ranch Store.

Mrs. Boehle Leaves Many Descendants

Mrs. Frederick W. Boehle died on Oct. 28 at the age of 89 years and nine months.

The daughter of Jacob Seibel and Julia Heberger Seibel, Mrs. Rosa Seibel Boehle was born on Jan. 18, 1866 in San Antonio. She was a confirmed member of the Bethlehem Lutheran Church of Quilhi.

On Oct. 1, 1887, she was married to Frederick W. Boehle who passed away in 1924. Of their nine children, six survive her. They are H. J. Boehle, Joe Boehle, Edwin Boehle, Mrs. Clara Nietenhoefer, Mrs. Armin Breiten, and Mrs. Louis Grell. Other survivors include 23 grandchildren; 23 great grandchildren; two half brothers; Henry Loessberg of Quilhi and August Loessberg of San Antonio; and two half sisters, Mrs. Mary Britsch of San Antonio and Mrs. Louis Nietenhoefer of Hondo.

Since 1940 Mrs. Boehle has been living with Mr. and Mrs. Armin Breiten on the old homestead.

\$209.58 Donated For Warm Springs

The annual Gonzales Warm Springs Fund drive has been completed in Medina County, according to Ralph O. Murray, field representative. From De v i n e, where S. R. Malone was chairman, \$209.58 was reported, while Hondo accounted for \$90.48. Mrs. L. D. Williams served as chairman here.

Contributions are still being accepted, Murray said, and anyone who wishes to help can mail a check direct to the foundation at Gonzales. They will receive an acknowledgement, with an official receipt, and notification will be sent to the local chairman.

Order of Eastern Star will serve a Chili Supper Thursday night, Nov. 10, at the Educational Building, First Baptist Church.

Tickets may be obtained from any of the officers of the organization.

Annual C. Of C. Dinner Scheduled For Dec. 5

Write down the night of December 5 in your appointment book. That is the night for the annual Hondo Chamber of Commerce dinner to be held out at Hondo Air Base Club, according to Miss Anne Davis, president of the C. of C.

Joe Kilgore, representative from this district to the national Congress, will be principal speaker of the evening.

The Hondo C. of C. will again have Santa Claus down from the North Pole on Thursday, Dec. 22.

COUNTY CIVIL DEFENSE LISTS REGULATIONS

Regulations pertaining to the County Civil Defense program have been compiled and printed, according to Daniel M. O'Connell, CD coordinator for Medina County.

"Just as soon as we make contacts in the various communities, meetings will be arranged," said O'Connell. "It is hoped that when the meetings are arranged, civic organizations will take an active part because they are a vital link in a successful defense program."

The first of these meetings has been scheduled for next Tuesday, Nov. 8 in Castroville, when O'Connell will meet with the mayor and councilmen of that city.

Killing Does Permissible In Medina County

At a meeting of the Commissioners Court Wednesday, a proclamation that antlerless deer will be killed in Medina County this hunting season was passed, according to Game Warden August Timmerman, and will be published next week.

Landowners can make application to the Game Warden in person or by writing, giving location of ranch, number of acres, number of bucks killed last year, and the desired number of permits.

"These special harvests are dictated by sound game management policies in the face of overpopulation of deer on drought-stricken, overgrazed ranges," game commission spokesman said. "Removing surplus deer in these counties this fall will be another step toward balancing the herds and will mean a higher survival rate next winter. We know that this action improves the vigor of individual animals and generally improves deer hunting in the long run."

Scout Troop 219 Has Camp-Out Over Weekend

Boy Scouts from Troop 219 had a camp-out on the Jake Schuehle ranch over the weekend according to Scout Master Ralph Jones. Twenty-two went out Saturday afternoon accompanied by Lloyd Tschirhart and Hubert Hermes. Later in the day, Jones and Hilmer Lutz drove out. Tommy Timmerman also helped with some of the activities which included preparing supper, breakfast and dinner out-of-doors. The boys spent a lot of time fishing also.

Jones says that Jean Ulbrich Scout Master of Hondo's original troop, is still in dire need of some assistance from other men. He is also hoping that Hondo will soon start a troop for Latin-American boys, since at the present time there are no vacancies for new boys in the two troops and creating a new one would ease the situation considerably.

ALFRED BRUCKS FALLS

Alfred Brucks fell from scaffolding at the new Tommy Timmerman station Thursday morning, injuring his wrist.

Teen Club Officers Make Recommendation

The Teen Club executive officers met Tuesday night at Mrs. R. R. Corder's home. It was recommended that each class in high school elect two representatives to meet with the executive officers. They will play a major roll in the planning of future activities, taking a load off Mrs. Corder's shoulders. It was also suggested that the Saturday night meetings be changed to twice a month starting at 7:30 instead of 8:00. These recommendations will be brought to a vote at the next business meeting.

NEWSPAPERS USED TO PUSH DODGE CONTEST

DETROIT, Oct. 28 — Because of their great impact on the American reading public, nearly 4,000 newspapers will be used to convey news of the "Car for Life" contest which will be sponsored by Dodge Division, Chrysler Corporation, beginning Oct. 31.

Jack W. Minor, sales manager in charge of advertising for Dodge, said that a heavy schedule of newspaper advertisement is being prepared. The ads will give details of the unique contest, termed the "greatest safety campaign in history", which will provide a new car every year of their lives for four lucky motorists. Eight "runners-up" will receive a new 1956 Dodge.

Application blanks will be available at all Dodge dealers, Oct. 31 to Nov. 28, Minor said.

Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. When The Fire Whistle Blows...

The Anvil Herald is presenting this public service feature as a tribute to our excellent Volunteer Fire Department.

"One of the reasons I'm glad to be a member of the Hondo Volunteer Fire Department is that it renders a service to the community that no other organization reaches," Herbert Moehring said. "The service goes a little further than just answering fire calls."

Just recently, he explained, when they tried to set the siren to summoning the firemen for Thursday night practice, it refused to go off. Several hours of work failed to repair it, so the firemen stayed on duty all night long in 2-hour shifts, to make certain that if they were needed, someone would be able to relay the call for help.

Some time ago, the firemen were summoned and instead of firefighting, they went out to look for a hunter who was long overdue in his camp. Another time, the summons was to help hunt for H. Finger's young son who strayed away while out hunting with his dad.

"I usually make all the calls," Herb grinned, "but if it weren't for my wife, Lillian, and the girls I don't believe I'd be there quite as often when the whistle blows at night." His daughters, Doris Ann, Geneva and Joyce all want full particulars about every call he answers just as soon as he gets back to the house.

Herb owns a grocery store in Hondo, having gone into that business in 1940. He was born and reared in Hondo and has always taken an active interest in all civic affairs especially those that promote Hondo. He has been a member of the VFD for 18 years.

"One of the fires I remember the most vividly was when the Ford agency burned down a number of years ago," he recalled. That was the hottest fire I've ever been around. Another fire was the Leinweber home. I remember that especially because there wasn't a one of us thought the house could be saved, and it is still a sort of miracle to me

HERBERT MOEHRING

that we managed to control that flaming roof in such a short time with no more damage than was done."

Reminiscing further, Herb said that maybe a lot of people had forgotten when it really could rain in Hondo. "Must have been in '35 that we had so much water and folks in the lower part of town were flooded out of their homes. Although I wasn't a member of the VFD at that time, I know that the boys helped out where they could. Then sometime after 1940, we had another down-pour that flooded basements," he recalled, "because I was in business at the time and water poured

into our basement. Firemen pitched in and helped out then, and their pumps were used to lift the water out of the indoor swimming pools that most of the basements in town had become." Herb commented that he felt sure that regardless of what the emergency was -- a lost child, flood or whatever, that the Hondo VFD would answer the call to a man.

SPEAKING OF SPORTS

By Dr. John H. Jennings

The powerful Hondo Owls racked up another impressive victory last Friday night. This time over winless Cotulla 47 to 0, and needless to say, the score could have been much more. The Hondo line was again the outstanding feature, and not only the regular line, but a combination of regular and reserves, and the reserves alone. Cotulla could manage only 4 yards rushing and 13 passing for a grand total of 17 total yards gained for the game! So the Owl defensive record still stands of no single opponent making more than 68 rushing yards thru them this season. However, we do not have the Del Rio game statistics.

A unique feature of the Cotulla game was that a different Owl scored each of the seven TD's. Pete Angermiller got the first, then Hartman passed to Billy Neuman for 24 yards. Hartman's pass to Richard Schulte for 57 yards was TD No. 3. Woolls was next, then Larry Keel 27 yard run; Don Neumann got one; and Billy Potsavich rang up the finally. Coach Carver unloaded his bench and the reserves got to see a lot of game time. The ball carriers gain and number of carriers were as follows: Pete Angermiller 70 yds. in 8 carries; Butch Woolls 6 times for 64 yards; Don Neumann got 49 yards in 6 carries for the 1st team backfield. Then Ray Highsmith carried 9 times for 44 yards. Larry Keel ran twice for 35 yards. Billy Potsavich went 29 yards in 6 calls, and Louis Lasiter 10 yards in 2 tries.

More Game Comments

Fleet Pete Angermiller again showed everyone some beautiful running. He eludes tackles like Hollywood does permanent marriages. He is definitely as fine a breakaway back as any in this part of the state. His prettiest run was a 58 yard punt return... and again QB Alvin Hartman threw his accurate passes... two more TD passes to his credit. He has not thrown a really bad pass in sometime now. His receivers are doing a good job of getting open too. They realize once they get in the clear they can count on Alvin to lay the ball within reach. Larry Keel got loose on a nice 27 yard TD run. Larry has lots of drive that the Owls can use. He can leave a lasting impression on a tackler when he puts his mind to it. Don Neumann is running and blocking better each game too, and Ray Highsmith got to carry the ball more than any Owl back against Cotulla. Chas. Tilley is still first or near first on the kick-off tackle and Richard Schulte continues to do a fine job kicking extra points.

Cotulla got only one first down and that resulted from a 15 yard penalty against the Owls and the Cowboys never did get past the 50 yard line. They did get to mid-field one time, but on the next play were thrown for a 10 yard loss back to the 40!

Carrizo A Big Game

Friday night the Owls will definitely be up against stronger opposition. It will be their toughest game since Del Rio. Former Hondoite, Arthur Dawson, is the Wildcats head coach and he has been thinking of this game since last Xmas. He will have his boys ready, and we understand he has some good boys, too. Carrizo has two fine tackles with Lindquist a standout. So our line will have a chance to see how they stack up against these boys. The results should be interesting! Dawson says he has three fine backs who, if given much of an opportunity, can go the distance. The Owls will have to make sure that when they throw a tackle that they make it stick.

This is an important game for both clubs as they are the only play. The loser can start getting ready for basketball! Carrizo has been beaten one time. Here is Carrizo Springs season record: Carrizo Springs 24, Poteet 14; Carrizo Springs 14, Uvalde 13; Carrizo Springs 13, Eagle Pass 12; Carrizo Springs 6, Devine 6; George West 20, Carrizo Springs 13; Carrizo Springs 13, Pearsall 12; Carrizo Springs 38, San Felipe 6. Carrizo has scored 121 points and their opponents 83. Hondo has scored 231 points to 12 for their opponents.

Scoreboard Drive

In the amazingly short period of less than three weeks, Owl fans have voiced their affirmative opinions and approvals (via cash) of an electric clock-scoreboard for Barry Field.

The drive is near completion and the officers, directors and collectors sincerely offer to each donor their warmest appreciation for your splendid co-operation and support. Only fifty dollars was needed as of Wednesday noon. The class of 1955 came in with the largest donation, \$64.11, to bring the drive to a near end.

We know it will add even more to our, and our visitors' enjoyment of the Owl games. And now, we most certainly have one of the

most beautiful and complete football plants in the state.

We ask each of you going to the Carrizo Springs game to pay particular attention to their scoreboard for very likely your scoreboard will be exactly like it. The scoreboard dealer in Houston has promised us that the board will be installed in time for the San Felipe game!

Hondo "B" Team Plays

The Hondo "B" team will give local fans an added football treat Saturday night at 7:30 on Barry Field as they entertain the Floresville "B" team.

This will be the third game for the Hondo Bees. They lost to Devine and then defeated Crystal City. Go watch the boys play... for here are developed the future Owls.

Comets Whiz Past Kadets Saturday, 25-12

The St. Comets gave a large and enthusiastic homecoming crowd plenty to cheer about as they defeated the Peacock Kadets Saturday night 25-12 in their last league game of the season. The victory assured the Comets of the runner-up slot in the South Texas Academic League, and if Peacock should defeat T. M. I. the Comets will get the championship.

During half-time ceremonies, Miss Arlene Bippert was crowned as queen of the Homecoming by co-captains Henry Lee Keller and Stephen Haby. She was then led to her throne, a large football of buckram placed on a green-covered dais and framed by a goal-post.

In the game itself, it was the sturdy Comet line and the fine running of Royce Groff that paid off. As his teammates opened up the holes, Royce rolled through for 225 yards and two of the Comet touchdowns. On defense, the Comet line bottled up the Kadet passing attack and kept their opponents under control pretty well on the ground as well.

Peacock struck for first blood. The crowd was scarcely settled in their seats when quarterback Rigby rolled out to his left and flipped a pass in the flat to DeCastro and the speedy halfback raced over the goal. The play went for 52 yards and put the Kadets in front 6-0. The Comets, however, did not stay behind long. Starting on their own 45, they needed only 5 plays to score. Groff picked up most of the yardage and Henry Keller went for the last six to tie up the score 6-6.

The Comets soon jumped ahead thanks to linebacker Maurice Etter who broke through to block a Kadet punt. The ball went bouncing back over the goal and Justin Jungman pounced upon it to score an easy touchdown. The Castroville boys added their third touchdown early in the second quarter as Groff bashed his way over from the 2. For the remainder of the half, the Kadets had difficulty moving any way but backwards (they had a minus 12 total for rushing that quarter.)

Castroville took the kickoff to open the third quarter, with Keller returning the kick from his own 20 down to midstripe. The Comets moved on down to the 27 but ran out of gas and the ball went over to Peacock. The soldier boys got their ground game moving for the first time but could only get to the Castroville 23 when they, too, lost the ball on downs. On the next play, Royce Groff circled around right end and streaked down the sidelines 77 yards for his second TD of the night. On the play, the key block was laid by left end Francis Lutz who came across to take out both defending halfbacks at one time. Arthur Espino, the Comets' barefoot place-kicker, added the extra point.

Peacock came back to score early in the fourth period after they had recovered a Comet fumble on the 34-yard line. After picking up only 4 yards in two plays, they sent fullback Weyl right up the middle on a quick opener and he went all the way for the final touchdown. The Comets put on another good drive, but it was staled on the Peacock 18. Neither side could move after that and the game ended 25-12.

While Groff was the offensive standout for the Comets, several of his teammates sparked defensively. Maurice Etter, in addition to blocking the punt, did his best tackling of the season, while Jungman and Zinsmeyer kept breaking through to stymie the Kadet passers. The Comet downfield blocking also showed improvement. This week, the Comets journey to San Antonio to play the Edgewood Red Raiders.

Owls Crush Cotulla

By Charles Tilley

Hondo's undefeated Owls added another chapter to their 1955 season by defeating the Cotulla Cowboys 47-0 Friday night at Cotulla. This was the second district game for the Owls, Crystal City being the first. Hondo scored five touchdowns in the first half. The second string did most of the offensive playing in the second half.

The strong Owl defense kept Hondo in possession of the ball practically the whole evening. Scoring for the Owls were Angermiller, Bill Neuman, Schulte, Woolls, Keel, Donnie Neuman, Potsavich, with Schulte converting five out of six tries for extra point.

Hondo took Cotulla's opening kickoff on the 15, and in five plays, the Owls crossed the Cowboy goal line for six points. Tilley's kickoff was taken by Gonzales and returned to the 28. Cotulla moved the ball two yards in two plays, when the Cowhands fumbled and Tommy Koch covered for the Owls. A trap pass from the hands of Alvin Hartman to the finger tips of Bill Neuman accounted for the touchdown that followed. The next kickoff was taken by Gonzales and returned to the 28. Again the Owl defense proved too strong for the Cowboys, who were forced to punt on their own 30.

Angermiller returned the punt 15 yards to the Owl 43. Then Hartman found big end Richard Schulte open and tossed him the pelota. The pass was good for 57 yards and a third touchdown. The kick was wide and the score stood 20-0. Following the kickoff, West carried for two yards, but the Cowboy attack again failed. Gonzales punted from his 19 yard line to the Owl 44. Woolls carried the ball around left end for 25 yards, fumbled and Cotulla recovered on their own 30. The determined Owls again held the Cowboys to a stand still. Cotulla punted to the Owl 25 yard line.

Pete Angermiller, escorted by a shower of down field blocking, returned the punt 55 yards to the Cowboy 20 yard line. Woolls went over guard for the tally. The score stood 27-0. Before the breeze could whisper "Louise", the Owls were again knocking on Cotulla's back door. The Cowboys had failed on a fourth down try and the Owls took over on the 28 yard line. Keel scampered around right end for the TD ending the half with a score of 34-0.

Tilley's kickoff went to the 8 vd. line and was returned to the 20. On the first play, the Cowboys fumbled, Hondo covered, and Neuman scored for the Owls. Schulte's kick made it 41-0. From this point on, the Owl second string saw most of the remaining action with Potsavich scoring the remaining touchdown.

Cotulla made only two first downs. One came when guard Charles Tilley blocked a Cotulla punt. The punt, only partly blocked, was recovered by Cotulla, giving them a first down. The other first down for the Cowboys came when linebacker Jerry Muenink blocked one of Gonzales' punt and the Cowboys recovered.

This week the Owls journey to Carrizo Springs for their third district game.

NATALIA NOSES OUT CASTROVILLE WILDCATS

The Natalia Mustangs edged out the Castroville Wildcats 7-6 in a District 34-B grid battle on Friday, October 25, on Wildcat Field.

The Cats started the scoring early in the first quarter with Joe Olivarez racing around right end

20. Joe Hernandez tried for a conversion but missed by inches.

The Cats had many more scoring opportunities in the second quarter but were held back by a strong Natalia defense.

The Half came with the score 6-0 with the Wildcats on top.

As halftime performance, the Castroville High School Pep Squad entered the Southwest end of the field with a drill in precision marching which brought the squad to the end of the field. Countermarching brought the squad to the Natalia stands, where they formed an "M" for Mustangs and gave a yell for the visitors. The "M" then moved across the field in formation to the main stands where it was a "W" for Wildcats. There another cheer was given and the Squad left the field.

The second half began with Castroville receiving the ball. They immediately began driving for a touchdown, but were stopped on the 10 yard line by the Mustangs.

The fourth quarter saw the Mustangs tie up the game with a two yard run by Tom Cantwell. They then took the lead by a conversion.

The Cats began looking for T. D. territory, but were halted twice during the fourth quarter on substantial drives which ended on the 12 and 8 yard lines when time ran out. The final was a victorious 7-6 for the Mustangs.

Fletcher Davis

TAKES A LONG RANGE VIEW
OF THE KOREAN WAR
AND COMES BACK TO SOME
ECHOES FROM HOMECOMING

A REVOLTING REVELATION

Belatedly but finally the truth comes out about the maudlin manner in which Truman's undeclared war (Police action) in Korea was carried on—and the reason why.

We were betrayed! In a few paragraphs, David Lawrence, in his October 25th column exposes the whole sordid deal and those who were to blame.

Pointing out that Donald MacLean, Guy Burgess and a third unnamed party, all connected with the British Embassy at Washington in 1950, were spies, the first of whom was placed in charge of the "American Desk" in November 1950, he relates: "In that very month, the Red Chinese first sent a few units of troops across the Manchurian border into Korea and General MacArthur promptly asked for permission to bomb the bridges across the Yalu and keep out any further forces. But, although the U. S. Joint Chiefs of Staff asked for immediate authority to send MacArthur such orders, the State Department felt obligated to consult the other 13 governments which had troops in Korea—and one of these was the British. The request was made by the American secretary of state on Nov. 13, but the word came back that the allies rejected it. This was highly secret information, but evidently the Red Chinese learned that there was no great danger in their intervention—no

danger of an attack on their bases in the rear—and they went ahead on Nov. 25 with a full-scale intervention that turned the tide of the Korean War."

It has been determined since that both MacLean and Burgess "were for years supplying documents from the British Foreign Office to the Soviet Government."

This not only confirms the suspicion of the commanding officers in the Korean theatre that we were being betrayed but places the source of that betrayal in the British Embassy, right under Truman's nose in Washington.

In the meantime, one wonders why responsible parties at Washington paid so little attention to the suspicions of the Generals in command, "all of whom" and we again quote Mr. Lawrence, "indicated by their testimony that the Red Chinese must have known they would run no risks by intervening in Korea. Here is the colloquy at the Senate hearing with General Van Fleet, commander U. S. Eighth Army from April, 1951 to February, 1953:

"Q. Do you believe that the Chinese Communists would have crossed the Yalu without assurance that our military action would be limited?

"A. No. He (the enemy) would not have entered Korea if he did not feel safe from attack in North China and Manchuria."

Here is an extract from a letter to Senator Byrd of Virginia, Democrat, written by General MacArthur on April 19, 1953:

"By one process or another it was conjectured by, or conveyed to, the Red Chinese that even though they entered the fray in large force it would be under the sanctuary of being relieved from any destructive action of our military forces within their own area."

And still we are allies with Great Britain— Still we try to negotiate with the Reds!

AN ECHO FROM HOMECOMING

How I enjoyed the Saturday morning of the school Homecoming. The band is a thrill. A product of trained musicians who had a city band over 65 years ago. In 1901 Mr. Murphy had the musicians well organized. He also instructed the New Fountain Band composed of grownups.

As did the band, so did school of the village. It took the Fly's, Harper's, King's, Kueck's and others to erect the first school about a mile north of Hondo—a lumber shack.

The town began in 1881 with the advent of the S. P. RR, and the citizens became school minded. About ten years later, a two-room building was erected. One of the first teachers was Mr. Bailey. Then came Mr. and Mrs. T. J. Woods, who were the real pioneers among the educators of Texas. He also was a Methodist minister and preached the Gospel to the people on Sundays. He functioned in Hondo for several years. Some of the students who attended his school in 1893 were Mrs. L. J. Brucks, Mrs. Jim Crow, Mrs. Henry Crow Jack Fusselman and William Saathoff and others. The building soon was declared inadequate and the building you mentioned in your article was erected and Professor V. M. Grubbs elected Superintendent for a term. He organized the first summer Normal about 1895. Professor J. W. Covington organized the first Mother's Club of which Mrs. P. Jungman was elected president. Later Mother's Club was changed to Parent-Teachers Association. Hondo voted its first local maintenance tax about 1912 - 10 cents.

The Mexican scholastic appointment kept our school at a status that a local tax wasn't necessary. The compulsory attendance law built our schools and voted local taxes. Sincerely, W. N. Saathoff

Proper Zoning Ordinances
Make A Good Town Better

By Jerry June Berger

A few weeks ago we ran an editorial on the need for zoning and building regulation laws and were encouraged when the mayor and several individual councilmen said they thought it was a fine idea. At the council meeting following publication of the editorial, our city's representatives discussed the matter, paving the way for enactment of such a law. So before long, Hondo will become "citized" to the extent of having a zoning ordinance.

But you wonder how this will benefit Hondo?

The first thing that comes to mind is the ridding our city of unsightly and dangerous structures. An adequate building code most certainly should provide for the tearing down of structures which are either a fire hazard or a hazard for exploring neighborhood children. Old buildings which cannot possibly be used for business purposes or for living purposes must be included in the category. And all cities with up-to-date building codes have a provision for condemning such undesirable structures.

True enough, children should be taught to stay off other peoples property, but this does not excuse the owner or owners of property from liability if an exploring child falls through the roof of a shabby structure seriously injuring himself.

Many cities have laws placing responsibility on property owners if a child is suffocated in an old ice box on their property, and just last week Corpus Christi enacted a law making property owners liable for injury or drowning of children in holes or pits on their grounds. Corpus enacted this law AFTER a child drowned in a pit during the recent floods. Now not only the parents of the little victim but also the City of Corpus are suing the property owner on which the accident occurred.

An adequate building code would also regulate the type structures that are placed on designated areas in our town — some sites being declared for residential purposes, others for business. It should also provide for study of proposed new sub-divisions so that the new areas will fit in with the lay-out of the town and continuance of existing streets.

A good zoning law can also save money for persons with fire insurance.

Many factors enter into the determining of a city's fire insurance rate — among them, adequacy of the fire department and reports to the state from the fire marshal. Also on the list is a zoning ordinance and since Hondo has no such law, no deduction can be allowed in this category.

We congratulate our mayor and councilmen on the forward step of discussing zoning for Hondo and feel that with adequate provisions in the proposed ordinance, our city cannot help but be improved. If the law saves even one child from serious injury, it could easily be one of the most worthwhile ordinances ever passed locally.

One thing is most important and that is we must not start out with an antiquated law. We must begin Hondo's zoning with a law that includes every factor necessary for a modern, up-to-date zoning ordinance.

PERSONAL APPEARANCE

By Jerry June Berger

It isn't always the small spooks who get the biggest charge out of Halloween.

WALTIE BENDELE, pre-schooler son of the WALTER BENDELES, persuaded his dad to accompany him on a neighborhood "trick or treat" tour. But dad thought he was a little big for that sort of thing so he told his little replica that he would walk with him to the yards, but that WALTIE could go on up to the doors all by himself.

First they crossed the street to the CHARLES LARKIN home and Sr. stopped behind a tree while Jr. went bravely forward. But about that time a whole flock of "trick or treaters" bounced into the LARKIN yard and just as they approached that tree, Sr. began giving out with the eeriest sort of moans and groans he could sound. According to the bigger BENDELE, you've never seen kids scatter in so many different directions so fast.

And a couple of years ago, MRS. L. F. RUCKER had handed out treats until the cupboard was very nearly bare, yet still the hobgoblins continued to come. Once again there was a knock on the door. In desperation, she threw a long towel around her shoulders, put on a horrible looking mask that one of her grandchildren had left at her house and answered the door. Her visitors departed without a word but with much haste.

PA Christmas hasn't come yet, but some folks are already shopping for bathing suits. Explanation? The spring apparel market

was held in SA over the weekend and Hondo merchants were among those attending.

MRS. MARIE RICHTER of Leinwebers was there as were MRS. ERNA HOLLMIG, MRS. E. G. POPE, JACQUE ULBRICH, MAX EDWIN, MRS. JIM DUNCAN and MRS. FRANK WILLIAMS.

PA Just one more thing about homecoming, then we promise it will be some time before we mention it again. DR. O. B. TAYLOR has received a letter from JOE WILSON, principal speaker for this year's event and one of Hondo's most illustrious ex-students. (He is a professor at Southwest Texas State Teachers College.) Contents of the letter follow. Dr. O. B. Taylor, Pres. Ex-Students Association Hondo, Texas

Dear Doc: You and the other exes living in Hondo deserve thanks from those of us who live in other cities for your time and effort in putting on a successful Homecoming. You have done a good job during these past several years and I merely wanted you to know I appreciate it.

To see some of the "old" faces was a treat to me as I'm sure it is to all those who attend. Each time I see people whom I have not seen in many years and that is exactly what makes the occasion such an enjoyable one.

Best wishes to you and I am already looking forward to the next Homecoming in 1958. Sincerely, Joe Wilson

CHEVROLET

Convertible Exemplifies New Motor Styling

No model in the line shows off to better advantage the styling that will feature Chevrolets in 1956 than this Bel Air convertible. Note how the spear-molding on the side of the fender and the completely new frontal design add to the low fleetness of appearance. The convertible is among 19 body styles that Chevrolet will offer in three series of improved cars.

Nine-Passenger Joins Station Wagon Fleet

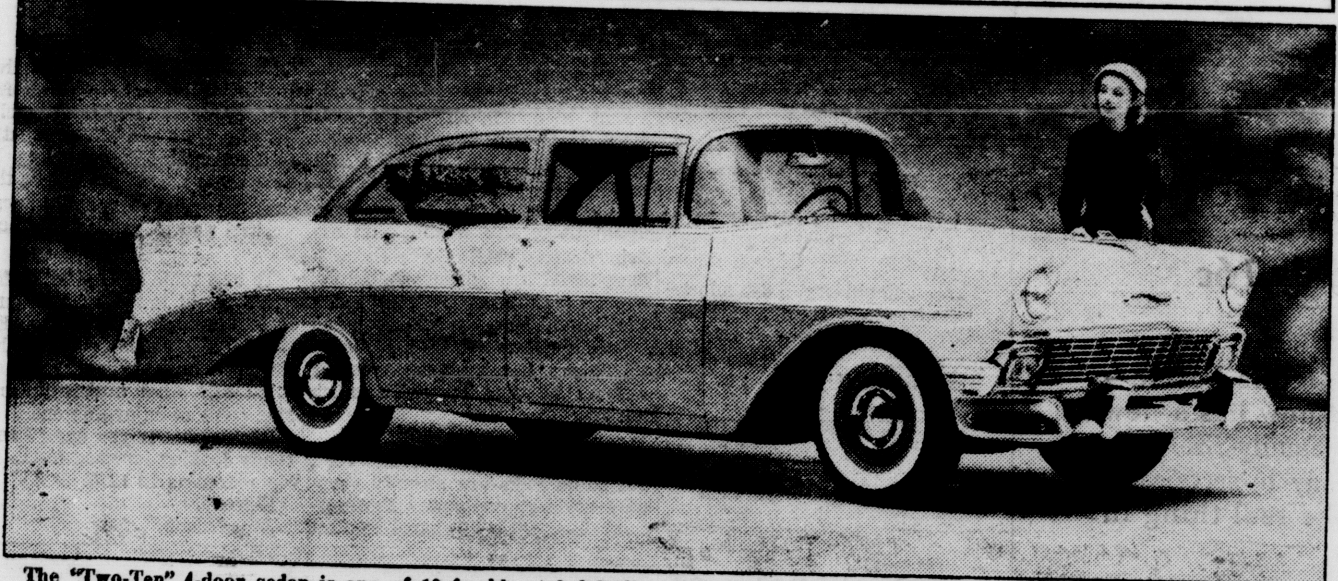

New to the automotive world for 1956 is a 9-passenger Chevrolet station wagon, available in the luxurious Bel Air or the more modestly equipped "Two-Ten" series. For maximum cargo space, the rear seat is removable, while the middle seat can be folded flush into the floor. In addition to the 9-passenger models, Chevrolet offers four other station wagons.

Jaunty Sport Coupe One of 19 New Chevrolets

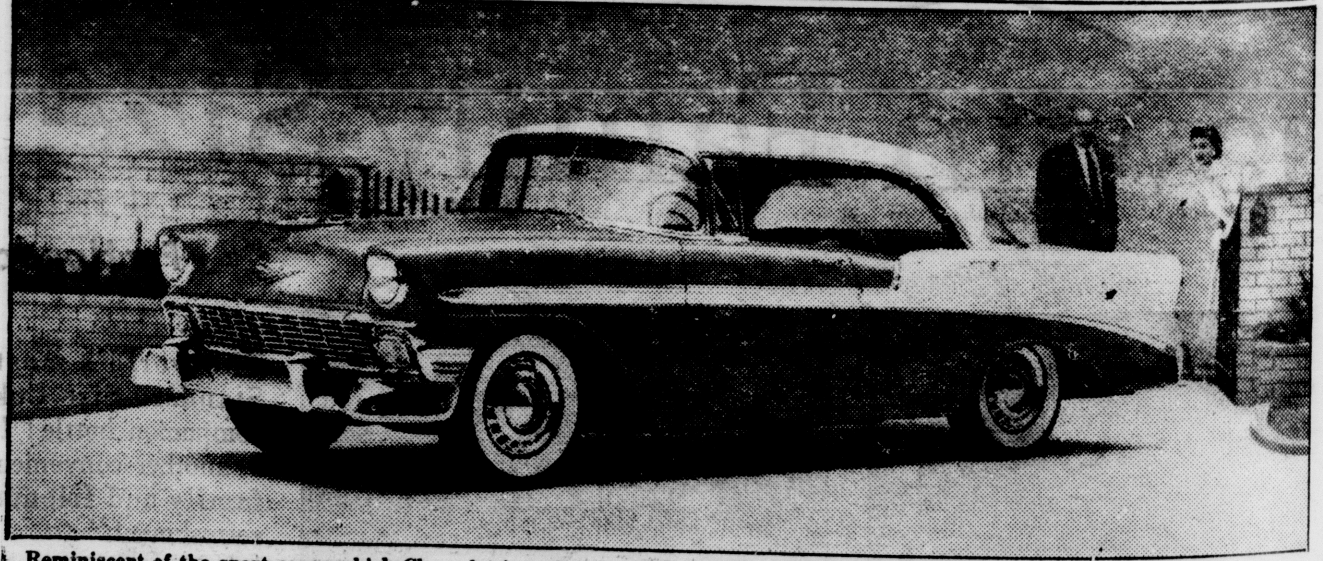

Frontal appearance of the 1956 Chevrolets has been smartly altered in 19 new body models by redesigned sheet metal and brightwork. Performance has been improved along with beauty in the new cars. Above is the Bel Air sport coupe, groomed as one of the year's style leaders.

New Styling Adds Length and Fleetness to Lines

The "Two-Ten" 4-door sedan is one of 19 freshly styled bodies in three series that will make up Chevrolet's passenger car line for 1956. All models have a longer, lower look. Front ends are more rugged-appearing through a redesign of grille and forward sheet metal. Engine choices include more powerful V8's and 6's. The car above affords an illustration of unique two-toning that separates top and lower body by a different color. The exterior and interior of each series has a distinct styling treatment.

Sport Sedan Makes Bow with 1956 Chevrolets

Reminiscent of the sport coupe which Chevrolet introduced with such sensational success in 1950, a sport sedan makes its debut along with the company's other new models. Elimination of the center pillar in the window area adds smartness as well as unexcelled visibility. The hardtop sedan will be available in the Bel Air (above) and "Two-Ten," two of three price-graduated series of cars offered by Chevrolet for '56. Engine choices include two more powerful V8's and one 6. The "Super Turbo-Fire V8" develops 205 h.p.

From where I sit... by Joe Marsh

Last Word in Farm Machinery

Curly Lawson was first in this area to use one of those roadside vending machines. He's sold milk and eggs in one about a year now, and recommends them highly—but with reservations.

"Mine's the latest model," says Curly. "Built-in refrigeration unit—heater—an automatic sign turner-on for night. Takes any combination of coins."

"However," he warned, "those machines aren't cheap to buy... or operate. They run about \$3500. If you're not on the main highway like I am—where lots of city people pass—you'd better stick to the old methods."

From where I sit, you have to admire Curly for his pioneering spirit. Of course, there's also plenty to be said for those who tend to stick to the old proven methods. People's ideas differ on the subject—on any subject. Like you may always drink buttermilk with your meals... while a glass of beer's the "automatic" choice with me.

SECO PHILOSOPHER SCOFFS

At Old Idea You Can't Get Enough Sleep On A Farm . . . He Sure Does

Editor's note: The Seco Philosopher on his Johnson grass farm discusses sleep this week, and if there's anything he's an authority on, that must be it. Dear Editor:

A copy of Time magazine turned up out here on this Johnson grass farm the other day. I don't know how it got here unless the mail carrier got mixed up and put it in my box instead of my intellectual neighbor's box down the road, although understand taking the magazine is no proof that you're an intellectual or it is either, but I was glad to get my hands on it and was especially interested in an article on the champion boy farmer in the U. S.

This boy is really an outstanding farmer and a hard worker, but one part of the article about him disturbed me.

According to it, this boy gets only about four or five hours of sleep a night, staggering up out of bed at 4:30 a.m. and working until anywhere from 10 p.m. to midnight before he falls asleep in the middle of a letter to his girl.

This is vicious propaganda. Out of years of experimenting, I wish to state that a man can get just as much sleep on a farm as he can in a city, maybe more.

This idea that farming might be all right if you could stand the loss of sleep is a lot of nonsense, although understand I'm not arguing that more people ought to farm, the way it looks now, judging from the stacks of surplus we've got piled up all over the country, too many people are farming as it is.

But it has been my observation that more white collar workers and business executives fall asleep in church than farmers. More town people go to sleep driving their car than farmers. Have you ever heard of a farmer falling asleep while driving a tractor? While milking a cow? While borrowing money at the bank?

A man may not be able to make as much money as he wants farming, but he sure can get plenty of sleep. I've tried it and I know. Furthermore, I intend to keep on getting plenty.

Yours faithfully, J. A.

Hutzler Hen Lays A King-Sized Egg

By Mrs. Adolph Hutzler
BIRY — We found an egg last week that was unusually large—weighed 6½ ozs., measuring 9 inches in length and 7½ inches around. Inside was another egg, with a shell, weighing 2 ozs. The outer shell was rather fragile. Since then it seems the other chickens got so scared, we hardly find any eggs.

Mrs. Charles Godden visited in SA last week with relatives. Mrs. Ethel Schmidt left Friday for several days visit in Dallas. From there she went to St. Louis, Missouri, where she will visit her son, M&M Charles Schmidt and baby daughter.

M&M Ed Bader and Richard were dinner guests of M&M Amos Hitzfelder and daughter last Sunday. Col. and Mrs. George McCol-lum of SA visited Sunday with M&M Marvin Haass and son.

Vincent Haass and son Gary and R. L. Haass of SA visited with M&M Randolph Haass and sons.

Mrs. Joe Schmidt left by plane Saturday for New York where she will meet her husband. Joe will receive another assignment upon returning to the states. He had been assigned to Arabia for the past several years.

The infant son of M&M Arnold Rihn was christened Sunday at St. Joseph's at Devine. The name given was Doyle Anthony, and sponsors were M&M W. S. Thor-nell of SA.

Harold Conrad and Robert Lee Busby II of College Station spent the weekend with their parents. M&M Chester Brown and Al-fred Biry visited their father Fred Biry last Sunday.

Anita Hutzler from here and several other girls accompanied Mrs. Jo Bailey Martin to Texas A&I College at Kingsville Satur-day where they attended a basket ball clinic.

Mr. Otto Bendele visited Sun-day afternoon with the Lawrence Tschirharts.

M&M Roy Anderson and family attended a barbecue at Hondo Saturday night.

Mrs. Charles Miller and daugh-ter Mrs. Ed Bader visited Miss Louisa Biry at LaCoste Sunday. Miss Biry had a stroke last week. They also visited a while at the Joe Baders and Emil Biry's at Castroville.

Timothy Ralph was the name given to the infant son of M&M Ralph Hutzler of Del Rio He was baptised Sunday in the Sacred Heart Church and sponsors were Irene Hutzler Firmin Bendele. M&M Firmin Bendele, Dennis & Stevie and Miss Irene Hutzler of SA, Mrs. Adolph Hutzler, Anita & Melvin, visited Sunday with M&M Ralph Hutzler and baby at Del Rio.

Mrs. Albina Wernette and M&M Adolph Hutzler and family visited with M&M Alvin Bader Friday night.

Received a letter from our daugh-ter and son-in-law from Alame-da, Calif. telling about the earth-quake. Although there was a lot of damage, they came out un-hurt. As Helen put it, "We sure were scared for a while though."

FAMILY SIZE COKE'S

ON SALE IN HONDO

The familiar Coca-Cola bottle now has a "big brother." New, family-size bottles of the famed soft drink will go on sale in food and beverage stores here, Bob Alford, manager of The Uvalde Coca-Cola Bottling Com-pany has revealed.

"Hondo is one of the first cities in the country to have the new bottle," Alford said. "This is the first change Coca-Cola has made in its package in forty years."

In announcing the new-size bot-tle, Mr. Alford pointed out that the present standard Coca-Cola bottle will continue to be the Company's mainstay.

The family-size bottles will not be in all food and beverage stores immediately. Mr. Alford ex-plaind, Deliveries were started Friday, Oct. 28, and it might be several days before there is com-plete distribution throughout the city.

IRRIGATION DAY PROGRAM SET

Following up a well received irrigation day program presented last year, another is being planned for 1955, and all persons in this area are cordially invited to attend. Those who are interested in learning more about irrigation, and those who are now engaged in irrigated farming are expected to make up a sizeable crowd at the event.

Among the speakers who will be present will be Jack Barton, Extension Agronomist, Texas Agricultural and Mechanical College, who will speak on "Soil Management and Irrigation Farming."

Robert V. Thurmond, Extension Specialist from A&M, will discuss "Production Practices for Irrigation in Texas."

John Shanklin, REA agricultural engineer from Albuquerque, New Mexico, will speak on "Irrigation Equipment."

Prior to the meeting, which will be held at 6:00 p. m., a free meal will be served. Further details may be found in the advertisement on this page.

JACK BARTON

ROBERT THURMOND

JACK BARTON is seen here as he appeared last year during the REA sponsored Irrigation Day meeting. He is again to be one of the speakers. Also scheduled again is **ROBERT THURMOND**, another A&M man.

LACK OF WATER caused this field of maize to be so thin that it was not even worth cutting. While maize is a "dry weather" crop, it has to get a little bit of moisture at certain times, and this crop didn't have enough. It was growing just across a fence from another field that paid off with a bumper yield, but which had irrigation water available.

IRRIGATION MADE this crop. It was produced just across a fence from the other maize, but had water pumped to it, while the dry-seeded patch failed. The pictures were made near the eastern part of Medina county earlier this summer.

CORN HAS TO GET WATER and at the right moment. Many corn producers in the mid-west are finding that an extra "inch" of water at the right time can greatly increase yields, and in dry areas, it is necessary almost every year.

This big ear had the water pumped on it, and was part of a big yield in 1955. Farmers who are interested in learning more about how it is done, what the costs are, and how much investment needed are invited to attend the Irrigation Day programs being sponsored by the Electric Coop.

SEE THE '56 BUICK

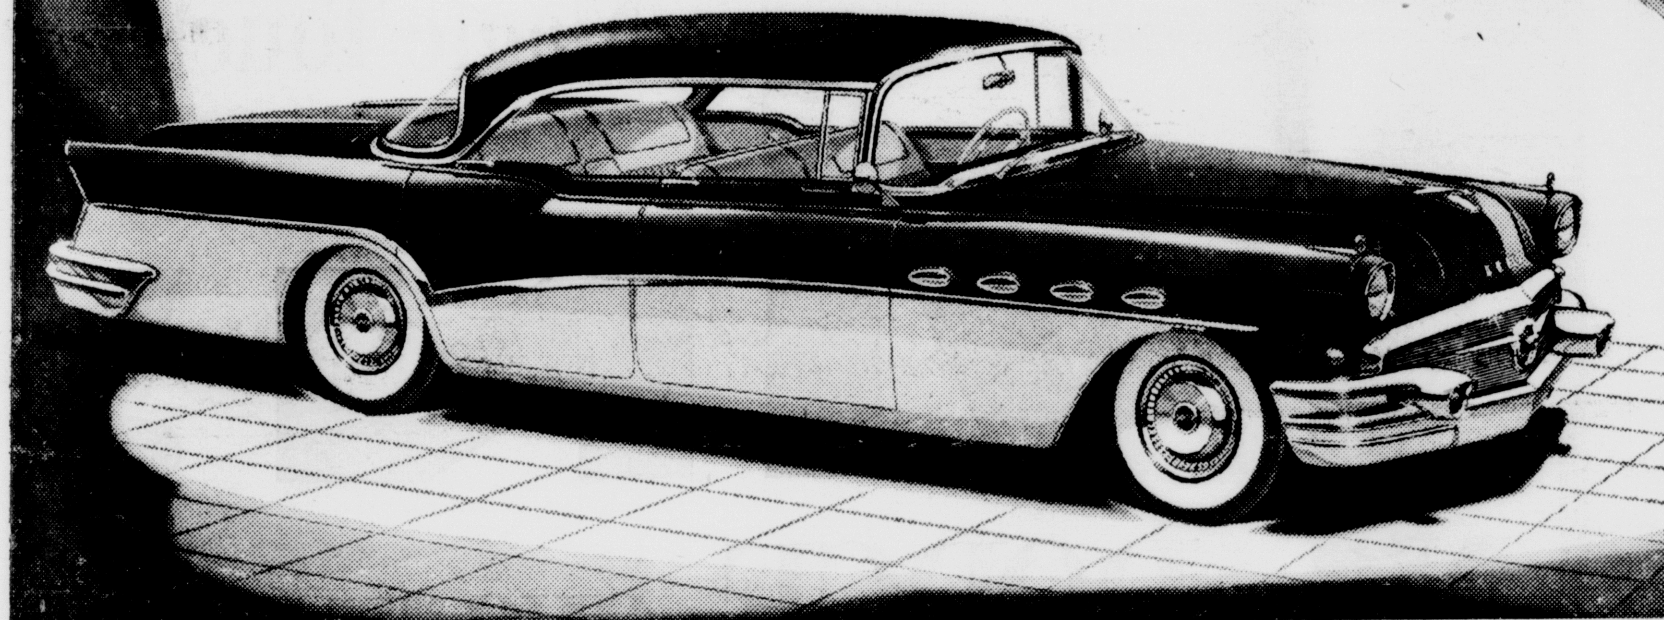

Friday, November 4, Buick presents its new line of cars for 1956, featuring a four-door hardtop in every series, more powerful V-8 engines, and fresh new styling in the bold design that has made Buick the third best seller in the nation for the last two years.

The new cars will go on display in JACK WINKLER'S showrooms, Friday, Nov. 4.

Here it is for '56—

*Best
Buick
yet*

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in the sweep-ahead styling of it—from the air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there—in the decorator fabrics and décors—in the jewel-like finish of the fittings—in the precisely shaped steering wheel and controls—in the rich new instrument panel with soft-padded top and glowing dials that detail your progress in changing colors.

But it's when you put this beauty to the city

streets and the open highways that you learn the best of it.

Performance Without Parallel

A new advance in Variable Pitch Dynaflo* goes airplanes one better—steps up your get-away in normal driving without switching the pitch. But when you need that extra surge, it's there, instantly—and in extra abundance.

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to all Buicks—ROADMASTER, SUPER, CENTURY, and the bedrock-priced SPECIAL. Yet this is such high-compression power, such dynamic driving power, such completely usable power at the rear wheels—the whole rear end has been endowed with extra brawn and heft and solidity to handle it.

We could spread before you an acre of blue-

prints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

We could tell you about a new double-Y manifold of the engine for more usable power. And about a brilliant new front-end geometry that adds a whole new "sense of direction" to the car's travel. And about massive new direct-action shock absorbers that move three times more oil to cushion your all-coil-spring ride that much more buoyantly.

But you can get the full story right now, at our showroom, in a face-to-face meeting with the best Buicks yet—now on display, and setting a dazzling new pattern for 1956.

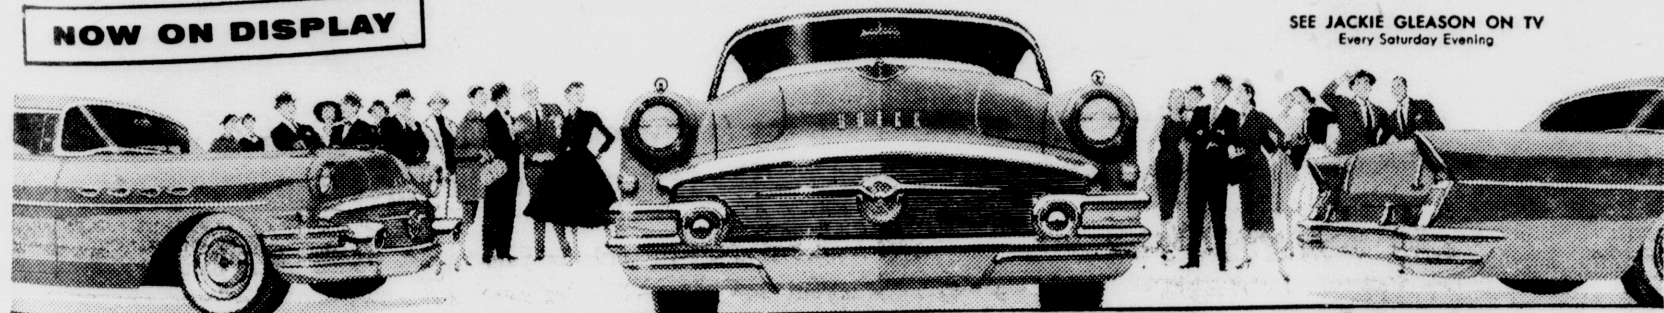

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Dramatic
New
Features
of the
'56 BUICK

- * 255 Horsepower.
- * New Dynaflo.
- * V-pattern Front-end Styling.
- * All new Colors.
- * Dazzling new interior decorations.
- * New lower cost Air Conditioner.
- * Dual exhausts.
- * America's TOP selling car in the medium-priced field.
- * More people buy Buicks than any other car, except two of the low-priced three.
